3) From the Commissioner, Telangana Vaidya Vidhana Parishad, Hyderabad letter Rc.No.276/HEC/TVVP/2015, dt:4-1-2016,11-5-2016,19-5-2016.

<<o>>

O R D E R :

In the reference 2nd read above, Government have permitted to establish (20) Dialysis Units at RIMS Adilabad/District & Area Hospitals & CHCs in the State in the interest of dialysis patients under PPP model with certain terms and conditions.

2. In the reference 3rd read above, the Commissioner, Telangana Vaidya Vidhana Parishad, Hyderabad has submitted proposal for establishment of following another (14) Dialysis Centres in TVVP Hospitals for needy treatments to Renal Failure patients who are spending much time for travelling to Headquarters for Dialysis.

1.	Area Hospitala, Sircilla, Karimnagar
2.	Area Hospital, Godavarikhani, Karimnagar
3	Area Hospital, Jangoan, Warangal
4	CHC Narsampet, Warangal
5	Area Hospital, Kothagudaem, Khammam
6	CHC Sathupalli, Khammam
7	Area Hospital, Miryalguda, Nalgonda
8	Area Hospital, Huzurnagar, Nalgonda
9	CHC Vikarabad, Rangareddy
10	CHC Maheshwaram, Rangareddy
11	Area Hospital, Malakpet, Hyderabad
12	Area Hospital, Zaheerabad, Medak
13	Area Hospital, Banswada, Nizamabad
14	Area Hospital, Bhodan, Nizamabad

3. The Commissioner, TVVP has also submitted that the Chief Executive Officer, Aarogyasri Health Care Trust, TS, Hyderabad has convened meetings with HODs and Nephrologists to evolve guidelines for establishment of dialysis Units under PPP model on the issue of reuse of dialyzer was discussed at length. Accordingly, they have submitted that the Standard Treatment Guidelines issued by the Government of India on Dialyzer Reuse states that "Reuse of dialyzers remains among the most controversial aspects of Haemodialysis. While being banned by law in certain countries in the world, it is widely carried out in others for cost saving, and has in fact been validated by the manufactures and regulatory and authorities for certain devices. The reuse of certain other devices, tubings, and end caps is even more controversial. The method of reprocessing, manual Vs automated, the use of different chemicals and disinfectants is also highly variable as is the use of tests of performance. This guideline attempts to provide a comprehensive outline of all the above controversies with a basis for the practices recommended". (Standard treatment Guidelines Haemodialysis issued by the Ministry of Health and Family Welfare, Government of India. Attention was also drawn wherein orders issued by Health & Family Welfare Department of Tamil Nadu State has paid compensation to the patients effected by Hepatitis 'C' virus while undergoing dialysis treatment in Government Stanley Medical College Hospital, Chennai.

Contd.. 2 ..

4. Further, the Professor & Head, Department of Nephrology, NIMS has also stated that they are following single use dialysis to prevent the spread of HCV in the unit from 2010 onwards and with the above strategy. (1) The spread of HCV was prevented in the Unit (2) Requirement of RO water for reuse came down significantly (3) The chemicals used for reuse like H2O2, Hypochlorite, and Formaldehyde etc., are reduced in the unit there by environmental pollution was reduced (4) the quality of dialysis was assured, as there is no need for checking the fiber bundle volume each time (5)The cost of the dialysis disposables reduced drastically as bulk purchases was done directly from the manufactures. It was also stated that single use dialysis is being practiced for Aarogyasri Patients also for ensuring better quality of dialysis and also to prevent the spread of viral infections. The current bundled payment will be able to suffice for undertake this policy in the Government sector as there is requirement of bulk purchase of the disposables and reduced usage of disinfecting chemicals and decrease utilization of RO Water, which will decrease the recurring cost. They have also submitted that, latest review article also suggest for phasing out the of reuse by cutting down the cost by allowing local manufacturing of the Dialysis Disposables.

5. The Government, after careful examination of the said proposal hereby accord permission to the Commissioner, TVVP., Hyderabad for establishment of Dialysis Units at the mentioned in para-2 above, for needy treatments to Renal Failure patients who are spending much time for travelling to Headquarters for Dialysis in addition to earlier (20) units permitted in the G.O.2nd read above under PPP model through tender process with following modified terms and conditions:-
